

EVERY LEAF COUNTS

Get out of the habit of throwing away the dark, outer green lettuce leaves, for they're actually richer in vitamins and minerals than the inner bleached leaves, say home economists. Shred into bowl salads, or if there are enough of them, serve

wilted with a hot bacon dressing. Only one or two leaves, then cook with green peas—they make the peas a brighter green.

During the first six months of 1943, age 18 predominated in the frequency of arrests.

HIGH SCHOOLS ACT TO END STUDENT FIGHTS; MEETINGS DECIDE ON PEACE MEASURES

High school administrators, teachers and students are taking steps to prevent uprisings of students such as were experienced in Lomita and Torrance last week and in which law enforcement officials took a hand.

While peace reigned over the area, the several schools of the Marine League held meetings of principals, student officers and others and issued statements such as are printed below from Torrance and Narbonne High schools.

Parents of eleven boys, from Torrance and Redondo, were in the justice court of Judge Frank Carrell of Gardena on Monday and were given suspended sentences. The court ruled they should pay \$25 fines or spend 10 days in jail and suspended the sentences for six months on condition the boys keep out of county territory after curfew for three months, except that they may travel to Wilmington for the Banning ball game.

Boys Cited Seven boys have been cited to juvenile court, and a third group of ten and their parents have been ordered by sheriff's officers from substation 3 to

appear in justice court. They are from other communities.

While law enforcement officers were at a loss as to what caused the fracas, Principal Lyon of Narbonne High school denied that Narbonne boys were involved, and said:

"According to reports from well informed quarters, the recent outbreak of hostilities between students of Banning and Torrance High schools resulted from certain groups from each school visiting the other, marking up the lawn and hurling taunting and insulting remarks at one another. The ill feelings developed to a point where students from one of the schools were set upon in greater numbers and beaten by those from another. The sequel was the disturbing incident described in

the article in the Lomita News of June 8.

"The principals of Banning, Torrance and Narbonne met with student leaders last Thursday and reached a friendly understanding regarding the whole situation."

The original fight was staged at Lomita on Tuesday night and the second one at Torrance on Wednesday night.

Statements of the high schools of this district follow:

Both Narbonne and Torrance High school authorities and student officers acted after the second night of violence to curb such activities, and bulletins were issued as follows:

"Narbonne High School, June 8, 1944.

"This bulletin is written as a result of a meeting of Student Body Presidents and representatives from Banning, Torrance and Narbonne held in the principal's office this morning. The purpose of the meeting was to determine ways and means of settling differences between student bodies without resorting to ill feeling, retaliation and violent action. It was not for the purpose of placing blame on any particular school or schools.

"The representatives present agreed that it is possible for student bodies to control and prevent disturbances or brawls by enlisting the support of each student body which is just as anxious as any other student body to maintain peace and order.

"To bring all these matters to a suitable conclusion Marine League student body presidents and representatives will meet next week to adopt a code which will be presented to the respective student bodies. It is expected that assurances and pledges will be given by all schools to abide by this code.

"In the meantime we are asking students of Narbonne to lend their good services in what seems to be a crisis in the relationship of two of our neighboring high schools. This means that we should not indulge in any loose talk or exaggerations, nor take part in any meetings of groups whose purpose is revenge and can end only in trouble.

"We have confidence in our own student body and are counting on your whole-hearted cooperation.

"EDDIE ROBERTS, "BILL BAILEY, "JIM FRIEND, "SAM HAMBERMAN, "C. P. LYON, Principal."

Torrance High school appealed to its students, likewise:

"June 8, 1944.

"To the Students of Torrance High: "In the light of recent evidences of friction between some of the Marine League high schools as indicated by vandalism in the marking of school letters on lawns, etc., a meeting was held this morning at Narbonne High school which was attended by the principals and student officers of Narbonne, Banning and Torrance High schools.

Certain conclusions were reached as these school leaders discussed the problem and made plans for its solution:

"1. The responsibility for such vandalism usually rests with a

TORRANCE ROTARY PRESENTS POOL TABLE TO ARMY

Enlisted men at the LAPE hospital in Torrance are proud of the Brunswick pool table which the Torrance Rotary club presented to them for their day room.

The table was completely renovated and renewed and all necessary equipment was included in the gift, which was engineered by Judge Otto B. Willett, incoming Rotary president, Harry Abramson and J. Hugh Sharkey.

The table was completely renovated and renewed and all necessary equipment was included in the gift, which was engineered by Judge Otto B. Willett, incoming Rotary president, Harry Abramson and J. Hugh Sharkey.

"3. Such activities are quite childish and are certainly not indicative of the mature thinking which should be prominent in high school activities.

"4. As Mr. Kersey brought in his conversation with our Senior A's last week, we are all members of one large high school organization. Whatever harms the good name of one of the Marine League schools reflects discredit to the others as well.

"In order that we may promote a feeling among the student bodies in the Marine League there is to be a meeting at Narbonne next Wednesday morning which will be attended by principals and student body officers of all Marine League high schools. The purpose of the meeting will be to draw up a procedure for minimizing possibilities of friction between high schools, for developing a code of honor to which all student bodies in the Marine League may subscribe.

"We are looking forward to an occasion early next semester when this code will be presented to each student body by a combined committee from the Marine League.

"TOMMY NUCKLES, "President Student Body, "MELVIN MILLER, "President A12 Class, "JIM POST, "President Varsity Club, "HAROLD E. PERRY, "Principal."

From Chicago and St. Louis it is possible to travel to almost all parts of the United States in passenger trains and sleeping cars without changing trains.

Registration fees collected by the state of Washington in 1942 from its 125,996 commercial vehicles exceeded the total collected from the 516,472 passenger cars and motorcycles, according to figures released to the license bureau of the Automobile Club of Southern California.

Farmers are urged to buy calcium arsenate now for insecticide purposes and store it on their farm. Present supplies are sufficiently large that such requested farm storage will not deprive other industries of the material and will help materially in equalizing labor and transportation.

IF YOU WANT TO BE EFFICIENT It's time to turn to A&P SUPER MARKETS. The Great Atlantic & Pacific Tea Co.

War work demanding a lot of your time? Then here's your food store! For, at your "A&P SUPER," you serve yourself... save time and trouble... Careful and efficient storekeeping has enabled A&P to conduct its business at less expense than is usual to the grocery business. This means that A&P Super Markets can afford to sell for less than average prices. Years ago, A&P reasoned that America's families were more interested in getting the most food possible for their money than they were in receiving costly services. And A&P's endless seeking out of ways to sell foods at less expense has resulted in saving after saving for its customers. Today, when getting the most for every dollar spent is so important to wives and mothers, millions agree... "It's time to turn to A&P."

EXCLUSIVE A&P PRODUCTS. Only A&P offers Values Like These. No other retailer offers these brands of fine foods. Try a few of these exclusive A&P "buys" today... and you'll realize why millions of smart homemakers prefer them. Compare QUALITY... compare PRICE and see if you don't agree!

CAMAY TOILET SOAP 3 CAKES 20¢.

What can you say to a wounded soldier? Never mind the sympathy—he doesn't want it! In his mind, he did his duty, and part of his duty was stopping an enemy bullet. You have a duty, too, in this war. Part of your duty is to buy War Bonds with every dime and dollar you can. So simply say "thanks" to a wounded soldier, by buying your full share of War Bonds in the Fifth War Loan. Don't expect credit—you can't match his sacrifice by merely lending your money. But don't be ashamed, either—if you've done your duty, you've shown your gratitude—the way he wants you to. Say "thanks" to every American soldier—double the Bonds you bought before.
